

### Connect Lite wins Queensland Product of the Year

AstralPool Australia won Product of the Year at the SPASA Queensland awards for its Viron Connect Lite product.

The Viron Connect Lite is part of AstralPool's Viron Connect range, offering entry-level to full integrated pool automation system by providing pool owners peace of mind, comfort and full control of their backyard environment.

Gold winners in the State awards are automatically entered for the National Awards to be held in Sydney on August 31.

### Viron QL Cartridge Filter awarded

AstralPool Australia has picked up the award for outstanding achievements in innovation and design excellence at the 2017 SPASA Queensland Awards, winning the Sustainable Product of the Year.

AstralPool says it recognises the importance of sustainability best practices within the swimming pool and spa sector and is committed to thoughtfully designed products and solutions to allow users to save water and preserve the environment while enjoying their swimming pool.
